to celebrate

World Parkinson's Day

April 11, 2022

This virtual event will highlight practical tips and advice for those living with Parkinson's disease (PD), as well as exercise programs to assist with daily living.

There will be two separate virtual events to accommodate all global time zones:

Eastern Hemisphere

Monday, April 11, 2022 - 2:00 GMT

Hosted by Prof. Raymond Rosales (Chair, MDS-AOS) and Dr. Ai-Huey Tan (Co-Chair, MDS Communications Oversight Committee)

Western Hemisphere

Monday, April 11, 2022 - 17:00 GMT

Hosted by Prof. Francisco Cardoso (MDS President) and Joaquim Ferriera (Chair, MDS Communications Oversight Committee)
